### VISIBILITY

- From May 14, till May 28, 2021, EU4Schools organized an awareness-raising travelling exhibition in coordination with the European Weeks' events. It was displayed in the main squares of **9 Municipalities** (a 3-day event in Tirana) and visited by about 5000 people.
- Information was provided through display cases, one for each of the **11 Municipalities**.
- In *Tirana and Durrës*, all these panels were encompassed by a fence, "metaphorically" presenting a big construction site.
- The exhibition had **interactive elements**: a question and answer panel, a photo-frame, and the possibility to directly look at the EU4Schools portal.
